

Job opening, AutoCAD
Sundquist Engineering, P.C.
Denison and Onawa, IA

Sundquist Engineering, P.C. is currently seeking an experienced CADD drafting person to work with our team.

Sundquist Engineering, P.C. is located in Denison, Iowa, and was established in 1990. There is a branch office located in Onawa, Iowa. As a small firm we value and know each team member. By getting to know their unique gifts, we can better tailor the position to best fit them. This approach is also how we treat our clients. By personally knowing them, we are best able to solve their unique requirements, resulting in almost all of them being repeat customers. With our continued growth we are looking for the right applicant to fulfill the following:

Duties & Responsibilities:

- Perform drafting and design duties in the construction and maintenance of roads, bridges, subdivisions, and land surveys for private landowners, cities, and counties.
- Communicate with team members as well as clients to ensure the project is completed accurately.

Requirements:

- AutoCAD experience
- High degree of computer skills including Excel and Word
- Good communication skills

To apply, please mail resume to: Sundquist Engineering, P.C., 120 South Main St, Denison, IA 51442. Or email resume to: kathig@sundquistengineering.com
